

# AWAKENING WITH STONEWISDOM

LEARN WITH THANE & ELLEN OSTROTH IN VENICE, FLORIDA

Our Level I – IV classes are a four day journey, commencing on a Thursday evening at 5:30 PM and ending on the following Sunday at noon, including a unique Sound Immersion evening and an evening of Meditative Journey work. Beach drumming and dance optional.

**These are important classes for energy practitioners, and non-practitioners, such as Highly Intuitive, Sensitive or Empathic People.** Our classes are not “training to be a shaman”, but rather how to create your “new you”. Come explore some basic tenets of global shamanism, including tools for living in joyful harmony. We will also be sharing protective tools, healing techniques and conscious ways to co-create the future you dream. Release your karma. Tap into synchronicity and manifestation. Classes provide healing opportunities, self-empowerment, and other unique experiences not taught by others. Connect with your True self, *the one you have been looking for*. Join a “new-vibe” tribe family. *Come and connect with your Soul's passion!* Our Levels class programs are designed to expand upon the previous class, which are required pre-requisites. We also offer single day events, weekend retreat seminars, and weekend “stand alone” classes (no pre-requisite or added class requirements).\*

**The Level I** class is to *clear out the “old stuff” that diminishes your life*, like baggage, negative emotions, karma, beliefs that no longer serve. Learn successful living and working tools for everyday situations with family, work, and community. Meet your guides. *Learn to protect and utilize your energy centers.* We work with both the chakra and meridian energy centers. Examining your Beliefs will change your life. Heal yourself and others. Begin to clear your Akashic record, which is your personal energetic history throughout time. Become self-empowered!

**The Level II** class continues your creative expansion by finding past life resolutions, soul wholeness, shifting your energy, and the energy of the World around you, in large and small ways, and other large subjects. *Learn how to access the positive lessons and skills from your unique Akashic history.* *Understand and experience intra/inter-dimensionality.* Free yourself from your unconscious fears and blockages. See what the future has in store for you by co-evolving your World. **Level I is a pre-requisite.**

**Level III** will continue this journey, as we co-manage *DNA wellness and change*. Tap into the crystalline grids of the Earth by raising the frequency of your crystalline Light. You are in command of your personal mastery and are living Truth. Take charge of your positive Akash. Experience an uplifting in your Light body. *You will now know, on a cellular level, how important you are*, and why it is necessary you are here on Earth at this time. **Pre-requisites apply.**

Our **Level IV** class will further our connections and awareness with synchronicity, synergy and instant manifestations. Also, healings, and *mastery level challenges*, including astral plane exploration, mastery of Akash and dharmic creations, the Soul Star chakra and above, plus more. **Pre-requisites apply.**
